

# A\$AP Rocky, A\$AP Forever REMIX (Ft. Kid Cudi)

Gang! Gang  
They tryna front on the gang!  
They going to remember my name  
Ayy, anybody ever took the time to ask Rocky what A\$AP mean to him?  
Well if so, he'll probably tell you, "Always Striving and Prospering"  
A\$AP, partna! Free my nigga, Cap  
R.I.P. Big Phil, R.I.P. A\$AP Yams  
Ya dig? (Gang!)

Come fuck with the Mob, shout out to the Lords and the Gods  
In love with my bitch 'cause she bi  
My ice like the stars, I tell that bitch, "Cover your eyes  
'Cause fuckin' with me, you go blind"  
She losin' her mind, we kiss to Frank Ocean and Blonde  
Convincin' my bitch to go blonde  
Was born in the dark, I kill you, you open my blinds  
On Yams and that's word to my moms  
Margiela Madman with cases I'm still tryna beat  
A bunch of shit from a long time ago  
The bigger they are, the harder they fall  
Like dominos, nigga, Geronimos  
When it's my time to go, adiós, vámonos  
Flacko no Dominicano but eat the tostones with plátanos  
Dealing with life and its highs and lows  
I'm just pimpin' like I'm supposed  
I guess it's called livin', shit, I suppose  
I'm on my live alone, die VLONE  
Ain't talkin' 'bout spending or buyin' clothes  
I'm 'bout my business but I'm alone  
I still had the vision when I was broke  
Fuckin' on bitches and foreign hoes  
Flyin' out womens to boring shows  
I pray to God I don't overdose

I put A\$AP on my tat (Woo)  
I put New York on the map (Woo)  
I put the gang on the flames (Woo)  
They gon' remember the name  
They robbin' boys for the chains (Woo)  
I got Goyard by the sack (Woo)  
I got the boof by the pack (Woo)  
I fucked your boo in her back

Gang! Gang! Them boys not flexing the same  
I'm done with adjusting to fame, pull up on your set, leave a stain  
Gang! Gang! I tell her come fuck with the gang  
I tell 'em don't fuck with the gang, it's time to fuck up the whole game!

(Hmm-hmm-hmm)  
(Hmm-hmm-hmm-hmm)  
(Hmm-hmm-hmm)  
Hmm

I'm free as a bird, I wanted this shit my whole life  
But had all this stress on my mind  
Until I realized, things pan out when it's right  
In the meantime I'ma grind  
I think of them days when I was so young on my plight  
Party and bullshit and play  
Was up in the city, the one that's surrounded by lights  
Wanted to burn it away  
Get out of his lane, got no time, don't need no advice  
Except for my momma  
Ride for my daughter, she's all I need

She got her father, as I grow  
Hell yeah, I did it, I'm on a roll  
Thought I'd be over my nigga, no  
I'm just gettin' warmed up, let's start the show  
I'm schoolin' these niggas, so in the zone and I'm rigged to blow  
A\$AP and Cud Life forever though  
And I'm flossin' and bossin' these silly hoes  
Learned the codes, serve up the magic for all of those  
Kids that ain't had someone on they own  
Hang on the words, you each have your song  
Grab on and hold on, won't steer you wrong  
Sing along, sing along, hmm

[Pre-Chorus: A\$AP Rocky]  
I put A\$AP on my tat (Woo)  
I put New York on the map (Woo)  
I put the gang on the flames (Woo)  
They gon' remember the name  
They robbin' boys for the chains (Woo)  
I got Goyard by the sack (Woo)  
I got the boof by the pack (Woo)  
I fucked your boo in her back (Woo)

[Chorus: A\$AP Rocky]  
Gang! Gang! Them boys not flexing the same  
I'm done with adjusting to fame, pull up on your set, leave a stain  
Gang! Gang! I tell her come fuck with the gang  
I tell 'em don't fuck with the gang, it's time to fuck up the whole game!  
(Game, game, game, game)

Gang, gang  
They tryna front on the gang, they gon' remember my name  
True to truth somehow (Gang, gang)  
But never truly lied at all, then and now  
They tryna front on the gang  
Truth somehow  
Gang, A\$AP boys come with the flame  
But never truly lied at all, then and now  
True to truth somehow  
But never truly lied at all, then and now

True to truth somehow  
But never truly lied at all, then and now  
True to truth somehow  
But never truly lied at all, then and now  
True to truth somehow  
But never truly lied at all, then and now  
True to truth somehow  
But never truly lied at all, then and now  
In my dreams, I'm dying all the time  
True to truth somehow  
But never truly lied at all  
Then I wake, it's kaleidoscopic mind  
But never truly lied at all  
But never truly lied at all, then and now  
I never meant to hurt you (Then and now)  
I never meant to lie
