Sarina Paris, All In The Way

If it's been just one of those days for you
Like it's been just one of those days for me
And the chaos is taking a hold on you
If the sky feels like it's falling on you
And the world feels like it's being untrue
Everybody is making the worst of you

And there's no where to run
And there's no where to numb the pain

It's all in the way you smile
All in the way you dare
All in the way you search for the sun in your day
In the way you dance
So baby, take a chance
There is a whole lot of fun it's coming your way
All in the way you smile
All in the way you dare
All in the way you search for the sun in your day
In the way you dance
So baby, take a chance
There is a whole lot of fun it's coming your way

It's all in the way...it's all in the way...
It's all in the way...it's all in the way...

When your boys got thrown in the lost and found
And the night to fight is a long way home
When you feel like all of your hope is gone
Look around you'll find that it ain't so bad
If you don't start now then you might regret
'Cause the answer is all in the way you care

With a smile you can run
And there's somewhere to numb the pain

It's all in the way you smile
All in the way you dare
All in the way you search for the sun in your day
In the way you dance
So baby, take a chance
There is a whole lot of fun it's coming your way
All in the way you smile
All in the way you dare
All in the way you search for the sun in your day
In the way you dance
So baby, take a chance
There is a whole lot of fun it's coming your way

If it's been just one of those days for you
Like it's been just one of those days for me
And your troubles are making a mess of you

With a smile you can run
And there's somewhere to numb the pain

It's all in the way you smile
All in the way you dare
All in the way you search for the sun in your day
In the way you dance
So baby, take a chance
There is a whole lot of fun it's coming your way
All in the way you smile
All in the way you dare

All in the way you search for the sun in your day
In the way you dance
So baby, take a chance
There is a whole lot of fun it's coming your way

It's all in the way...it's all in the way...
It's all in the way...it's all in the way...

If it's been just one of those days for you
Like it's been just one of those days for me
And your troubles are making a mess of you
