# Scene Queen, 18+

Fuck the scene, I'm the queen

Headline spot goes to the abuser
Half my idols are fucking losers
If I'm the bitch just starting rumors
What about the dogs turned into groomers
Good bands save their fans
Oh I laugh at the irony
Shit heads get off on blatant mysogyny
I'll go full ice pick lobotomy
If I see one more notes app apology

I'm sick of good people getting overlooked
If a bitch wants to be famous tell em write a better hook, pussy

Pink wristbands on the guest list
Bras hanging on the bus
Yeah you get a lot of girls, but not one is 18+
Pink wristbands on the guest list
Bras hanging on the bus
Yeah you get a lot of girls, but not one is 18+

18+, 18+
Get those children off your bus
18+, 18+
Get those children off you're busted

If nice guys finish last,
Then a stadium tour is a victory lap
If the shoe fits, shove it up your ass
Does prison come with an AA pass?

Slap on the wrist
No one gives a shit
It is what it is, it is what it is
Slap on the wrist
No one gives a shit
Too old for this, get it?

Pink wristbands on the guest list
Bras hanging on the bus
Yeah you get a lot of girls, but not one is 18+

It's not that fucking hard
Shame on you
