Scissor Sisters, Baby Come Home

I don't mind
If your running around
Giving someone the time
It don't matter
Just to know that you love me
I'm laying in bed
With a whole lot of wonder
Going through my head
This dog with a bone
Gets a little bit lonely
I'm too cool to lose my control
Your too cool to go
Later I just don't wanna know
Your out there happenin' at all

Baby Come Home - to me
Baby Come Home - to me
It's half past quarter to three
Baby Come Hom - to me
Said: I'm that kind of guy
When I see a grown man cry
Baby Come Home - to me
Baby Come Home

Baby one more pill
Till I close my eyes
To a pain I feel
I can't sleep
Lest your laying beside me
I got no doubt
That would be just fine
If you were living without me
I just can't let you start to deny
9, 10, 11
Now midnight strikes
I don't know where you been
I still want to make love tonight
When you come stumbling in
Baby Come Home - to me
Baby Come Home - to me
It's half past quarter to three
Baby Come Home - to me
Said: I'm that kind of guy
When I see a grown man cry
Baby Come Home - to me
Baby Come Home
Baby, what do we do? (what do we do?)
Let my doubts fly away
Baby, what could you say? (what could you say?)
To drop my fears go away
Was it that red letter day
With no more chips to play
Will you come home

Baby Come Home
Baby Come Home - to me
Baby Come Home - to me
It's half past quarter to three
Baby Come Home - to me
Said: I'm that kind of guy
When I see a grown man cry
Baby Come Home - to me
Baby Come Home...
