Sea Cruel, A Simple Goodbye

i can see that you
are almost over me

gonna make it simple for ya
wont stand in your way baby
gonna set you free my darling
gonna cut you loose now now now
wont be the broken hearted
lets finish what we started
wont try and make you stay
you wont even have to say

bye-bye
bye-bye
bye-bye

change can be so cool
but so unneseserry
i can see that you
are almost over me
gonna make it simple for ya
wont stand in your way baby
gonna set you free my darling
gonna cut you loose now now now
wont be the broken hearted
lets finish what we started
wont try and make you stay
you wont even have to say

gonna make it simple for ya
wont stand in your way baby
gonna set you free my darling
gonna cut you loose now now now
wont be the broken hearted
my dearly departed
wont try and make you stay
you wont even have to say

bye-bye
bye-bye
bye-bye

bye-bye
bye-bye
bye-bye

bye-bye
bye-bye
bye-bye

bye-bye
bye-bye
bye-bye
