Sergio Mendes, It Hurts A Whole Lot More

I didn't know what I had found
Never saw you coming 'round
Thinking only of myself
I never saw the passion play
'Til you took your love away
In search of someone else

I never thought I'd loose my heart
But now that it's torn apart
Oh, it hurts a whole lot more
Than I thought it would
More than I thought it could
And I've found some tears
That I've never cried before
One thing I know for sure
This hurts a whole lot more

You did your best to make me see
All the love you had for me
Any fool cuold read the signs
I didn't look until too late
All I did was hesitate
How could one man be so blind

I never saw the light of day
And now that it's gone away

I never thought I'd loose my heart
But now that it's torn apart
Oh, it hurts a whole lot more
Than I thought it would
More than I thought it could
And I've found some tears
That I've never cried before
One thing I know for sure
This hurts a whole lot more

I never thought I'd loose my heart
But now that it's torn apart
Oh, it hurts a whole lot more
Than I thought it would
More than I thought it could
And I've found some tears
That I've never cried before
One thing I know for sure
This hurts a whole lot more

I never saw the light of day
And now that it's torn apart

I never thought I'd loose my heart
But now that it's torn apart
Oh, it hurts a whole lot more
Than I thought it would
More than I thought it could
And I've found some tears
That I've never cried before
One thing I know for sure
This hurts a whole lot more
