

A Band Of Bees, A Minha Menina

Ela minha menina
E eu sou o menino dela
Ela e meu amor
E eu sou amor todinho dela
The silver moon is out of sight
And the golden sun has come
A beautiful new day is born
scented with joy
Cause i fell asleep and awoke thinking of her
Pois ela minha menina
E eu sou o menino dela
Ela e o meu amor
E eu sou amor todinho dela
The rose bush has blossomed out
And I'll sing that she's my rose
For her I'll place my heart before
Reasons i tell
Everybody in the world that I love her
A Minha menina
