Shane McGowan, Haunted

sinad:
do you remember that sunny day?
somewhere in london in the middle of nowhere
didn't have nothing to do that day
didn't wanna do nothing anyway

shane:
you got a way of walking
sinad:
you got a way of talking
shane:
and there's something about you
sinad:
and now i know i never ever wanna be without you

both:
i wanna be haunted by the ghost
i wanna be haunted by the ghost
i wanna be haunted by the ghost
i wanna be haunted by the ghost

sinad:
of your precious love
of your precious love

shane:
first time i saw you standing in the street
you were so cool you could have put out Vietnam
sinad:
all the girls ask "what's he like?"
i said "he's kind of shy but that's the kind of girl i am
he's my kind of guy"

both:
i wanna be haunted by the ghost
i wanna be haunted by the ghost
i wanna be haunted by the ghost
i wanna be haunted by the ghost

sinad:
of your precious love

shane:
of your precious love

sinead:

of your precious love

shane:
i've build my world around you
i'll bless the day i found you

sinad:
i'll stay beside you
i'll never leave or tell you all those

both:
lies that you'd never believe

both:
i wanna be haunted by the ghost
i wanna be haunted by the ghost

i wanna be haunted by the ghost
i wanna be haunted by the ghost
i wanna be haunted by the ghost
i wanna be haunted by the ghost
i wanna be haunted by the ghost
i wanna be haunted by the ghost

sinad:
of your precious love
of your precious love

shane:
you got a way of walking
sinad:
you got a way of talking
shane:
and there's something about you
sinad:
that's the kind of girl i am he's my kind of guy
shane:
and now i know i never ever wanna be without you

sinad:
i wanna be haunted by the ghost
i wanna be haunted by the ghost
shane:
i wanna be haunted by the ghost
i wanna be haunted by the ghost
sinad:
and now i know i never ever wanna be without you
