

A Band Of Bees, This Town

What's this game that your playing
When you stand out of reach
Do your sums before you run
The brightest stones make the brightest beach
This town's got nothing for me
Cheap shots and bad jewelery
Just want to be where everyone's free
Lemonade on the sidewalk
Gives us time to talk
In a great big place
Season to season with the moon and it's reason
This town's got nothing for me
Cheap shots and bad jewelery
Just want to be where everyone's free
