

A, Better off with him

Run around,
What's the frequency you're on?
Get around,
That's addiction you'll get some.
Heart attack,
Not as bug as the next one.
Pulling back,
Things look different when you're young.
Can't find a good reason
Can't fight this way I'm feeling
These jealous teenagers
That laugh at my behaviour.

[Chorus]

You'd be better off without me,
Hate to see you sorry,
Days are closing in,
You're better off with him.
It's boring but I'm making
Promises I'm breaking
Days are growing thin,
You're better off with.
Anyone,
Makes no difference just pick one.
Get around,
What's the frequency you're on?
You're scared around.
Conversations you're never wrong.
You're better off,
New relations,
You're better off,
You're better off.

[Chorus]

You'd be better off without me,
Hate to see you sorry,
Days are closing in,
You're better off with him.
It's boring but I'm making
Promises I'm breaking
Days are growing thin,
You're better off with.
I can't take it anymore.
I can't concentrate.
You run around,
In my brain, yeah, you run around.
You're not having fun no more
There's a thousand ways.
You get around,
In my brain, yeah, you run around.
Run around,
What's the frequency you're on?
Get around,
What's the frequency you're on?
[Chorus x2]
You'd be better off without me,
Hate to see you sorry,
Days are closing in,
You're better off with him.
It's boring but I'm making
Promises I'm breaking
Days are growing thin,
You're better off with.
You're better off.
You're better off with him.
