Sloan, Don't You Believe A Word

Don't you believe a word, yeah
Don't you believe a word, yeah

Blue is the colour of baby's ride
And I wish that it would take me away
And if those black wheels are pointed uptown, baby
I know what they're bound say
C'mon girl

Don't you believe a word, yeah
Don't you believe a word, yeah

She kept her head close to her heart
Waiting for someone worth writing
Everybody's read for the part
She took centre stage and proclaimed,
"Can't you see that I've been lost so long"

Pray for inspiration from guiding lights
And name a new planet each day
You said "The only good thing about the weekend, baby,
Is that Monday's two days away"
C'mon boy

Don't you believe a word, yeah
Don't you believe a word, yeah

Can't you see that I've been lost so long

Don't you believe a word
Don't you believe a word, yeah
Well, I don't believe a word
I don't believe a word
I don't believe a word
I don't believe a word
I don't believe a word
