Social Burn, World Outside

one cigarette down
before i have to go
before i make it home
and i really don't care
if i make it or not
cause i can't take
another night alone

ya well before i close my eyes
i can see a world in front of me
the only thing i wish
is that i wish that i could say

there's a world outside
and everybody i know
is standing in line
there's a world outside
there's a world outside
and i'm trapped in here

5 years ago
i was somebody else ya
somebody more like you
but i threw it all away
on a one night stand
and all i do is stand alone

ya before i close my eyes
i can see a world in front of me
the only thing i wish
is that i wish that i could say

there's a world outside
and everybody i know
is standing in line
there's a world outside
and everybody i know
is standing in line
there's a world outside
there's a world outside

ya well paint your toenails
cut your hair
you know i don't give a damn
the only reason that i'm here
is cause you say i can

ya before i close my eyes
i can see a world in front of me
the only thing i wish
is that i wish that i could say

there's a world outside(x10)
