Sugababes, My Love Is Pink

Love, love, everybody, everybody
Love, love, everybody, is pink
Love, love, everybody, everybody
Love, love, everybody, is pink

Thinking about the way that I can say
Maybe there's more to me than you see, baby
Seventy different ways to misbehave
Big numbers and I will make it eighty

Dance on the spot, giving it all we got
Fire in my eyes, baby I can't disguise
That deal that we did is getting me in the mood
If I could make a man, he'd look a lot like you

'"My love is pink
Everybody knows what you think
My love is white
Butter wouldn't melt in mine tonight
My love is red
Hotter than the dirty things you said
My love is like
The colours of a girl so boy, hold tight"'

Talking about those never gone before
Let you make your way around my body
Whatever you got, I'm guessing I got more
An evening with no regrets, you won't be sorry

Dance on the spot, giving it all we got
Fire in my eyes, baby I can't disguise
That deal that we did is getting me in the mood
If I could make a man, he'd look a lot like you

'"My love is pink
Everybody knows what you think
My love is white
Butter wouldn't melt in mine tonight
My love is red
Hotter than the dirty things you said
My love is like
The colours of a girl so boy, hold tight"'

'"My love is pink
Everybody knows what you think
My love is white
Butter wouldn't melt in mine tonight
My love is red
Hotter than the dirty things you said
My love is like
The colours of a girl so boy, hold tight"'

And I'll be true, true to my word
Baby, I will be true, if you give me your word
Then maybe I'll show you the moves

Love, love, everybody, everybody
Love, love, everybody, is pink
Love, love, everybody, everybody
Love, love, everybody, is pink

'"My love is pink
Everybody knows what you think
My love is white

Butter wouldn't melt in mine tonight
My love is red
Hotter than the dirty things you said
My love is like
The colours of a girl so boy, hold tight'''

'''My love is pink
Everybody knows what you think
My love is white
Butter wouldn't melt in mine tonight
My love is red
Hotter than the dirty things you said
My love is like
The colours of a girl so boy, hold tight'''
