Summer Love, Remember

In a while maybe you remember,
when we met on the beach
when you showed met the way

From that day,
we'd always be together
in our hearts in our minds
nothing could throw it away

ehh.nanananananana niee.. nanananananaa

quiero ver, un poco de tu boca
quiero estar en tu piel
con tu perfume de miel

ehh.nanananananana niee.. nanananananaa

quiero ver, el brillo de tus ojos
kiero estar en la luz
con la ke me miras tu

ehh.nanananananana niee.. nanananananaa

Show me the things that we felt in the time
we were dreaming
show me now feel it now

ehh.nanananananana niee.. nanananananaa

quiero oir, los besos de tus labios
y sentir, junto a ti
como tu propio camir

ehh.nanananananana niee.. nanananananaa

in the past we used to be together every day of my life now is flying away

ehh.nanananananana niee.. nanananananaa
ehh.nanananananana niee.. nanananananaa

ehh.nanananana
ehh.nanananananana
