Superheist, Beaming Down From Satellites

They're beaming down from satellites,
They're beaming down from satellites.

Our invention,
Your creation,
Help us through this humiliation,
You government's don't cease to surprise me.

Attention people of the world.

Were control by remote a generation,
(Attention people of the world)
Were control by remote a generation of,
Remote control reaction.

(Reaction)
(Beaming down from satellites)

Don't disrespect my generosity,
Like a spec of dust,
I breath you into me,
You control freaks,
Cant authoritize me.

Attention people of the world,

Were control by remote a generation,
Attention people of the world,
Were control by remote a generation of,
Remote control reactions,
Remote control reactions.

Identical remote control reactions,
Remote control reactions,
Identical.

Imitate,
We levitate this world that we built with our hands,
Imitate I'll dominate,
This world for you, see I'm back in your face.
(consripting allegiance, realigning, subdividing)
(programming our lifestyle, dictating our worthwhile)

They're beaming down from satellites,
They're beaming down from satellites,
They're beaming down from satellites,
They're beaming down from satellites,
They're beaming down from satellites,
They're beaming down from satellites.

Attention people of the world,
Attention people of the world,
Attention people of the world,
Attention people of the world,
World,
World,
Remote control reactions,
Remote control reactions,
Identical remote control reactions,
Identical remote control reactions,
Identical remote control reactions,
Identical remote control reactions,
Identical remote control reactions,
Identical remote control reactions.
