

A Cinderella Story, Crash World

Crash, that was you and me
Started out so innocently
Shattered on the ground
I hear the sound
C-c-crash, ringin' in my ears
I still feel the sting of my tears
Someone wake me
I can't seem to break free
Go on, get out of my head
I'm on the wrong side of a parallel universe
Am I alive or just dead?
I've been stumblin' in the dark
Livin' in a crash world
Hush, don't say one more word
At this point, the truth seems absurd
'Cause who we were
It's gone forever
Crashed, underneath the fears
Everything's so twisted and weird
Someone save me
I can't seem to break free
Go on, get out of my head
I'm on the wrong side of a parallel universe
Am I alive or just dead?
I've been stumblin' in the dark
Livin' in a crash world
Crash world, yeah ee yeah
Slow motion, devastation
Should've seen it comin'
But I couldn't do nothin'
Emotion, desperation
Someone save me
I can't seem to break free
Universe, universe
Parallel universe
Go on, get out of my head
I'm on the wrong side of a parallel universe
Am I alive or just dead?
I've been stumblin' in the dark
Livin' in a crash world
Go on, get out of my head
I'm on the wrong side of a parallel universe
Am I alive or just dead?
I've been stumblin' in the dark
Livin' in a crash world
Crash world, yeah ee yeah
Crash world
