Tamyra Gray, Raindrops Will Fall

There's a time for every star to shine
and a place for ever-ry dream to see the light
when you have everything
you dont need another reason to be something
nooooo
hold on
and look to your faith
can't let nobody, nobody get in your way

I walk through the fire
i walk through the raging storms
till i'll found the peace thats in side of me
i've got to be strong
i stand for my dreams
i was made for this moment
take me as i am or nothing at all
i'll keep holdin' on
raindrops will fall

they're falling down on me but the sun is gonna shine
oh i was taught not to run away cause raindrops will always fall on your face
when it seems like all hope is gone
you gotta get through the storm before you can see the dawn

this is all i am
this is all i know
and i wont never ever let go
no i wont let goooooo

(I'll walk through the fire)
and fight through the ranging storm
till i find the peace inside of me i've got to be strong
I stand for my dreams
i was made for this moment
take me as i am
or nothing at all
i'll keep holding on
raindrops will fall

They're falling down on me
but i know, i know, i know, i know, i know
that the sun is gonna shine

raindrops will fall
oh i know that the sun is gonna shine.
