Ten Second Epic, All You Want To Be

Hide Beneath your lies,
But since I know it's more like hide and seek.
I see right through you;
Your ever-shifting eyes give you away.

The lines are drawn,
The ink is black and blue.
The truth is bleeding,
It's bleeding though.
Don't hide what I already know.
I will miss you,
But this is the last time I'll feel it.

It's fiction you are selling.
Your story is pathetic,
It's such a joke and filled with holes,
Like all the things you say.
You might as well admit it,
React before you think it,
There's more at stake then a good time.
All you want to be, it's all you want to be.

The lines are drawn,
The ink is black and blue.
The truth is bleeding,
It's bleeding though.
Don't hide what I already know.
I will miss you,
But this is the last time I'll feel it.

And this wont be forgiven,
And this wont come again.
And this wont be the moment where I cave and let you in.
And this wont be forgiven,
And this wont come again.
We had so much more than this.
You killed it all with me.

The lines are drawn,
The ink is black and blue.
The truth is bleeding,
It's bleeding though.
Don't hide what I already know.
I will miss you,
But this is the last time I'll feel it.
