Texas, Night For Day

Ohh The life we made cover me with love
Heaven got your number saved trapped it from above
Cause it fell in love and this happens when it rains
Hey, it only happens when it rains
You can take me away
We can play all night and day
You can take me away
Ohh I just realized for the best I ever had
I think you got me hypnotized
That I feel so well cause it fell in love
And this happens when it rains
It only happens when it rains
You can take me away
We can play all night and day
You can take me away
You can take me away
If you play all night and day
You can take me away
ahhhh, ahhhh, ahhhh
You can take me away (ahhhh, ahhhh, ahhhh)
We can play all night and day (ahhhh, ahhhh, ahhhh)
You can take me away (ahhhh, ahhhh, ahhhh)
You can take me away (ahhhh, ahhhh, ahhhh)
If you play all night and day (ahhhh, ahhhh, ahhhh)
You can take me away (ahhhh, ahhhh, ahhhh)
