Thanatos, Speed Kills

Thrash, feel the power from inside
Intense metal will blow your mind
The way you look, we don't care
As long as the feeling burns in your soul

(Chorus)

Your blood circulation is running mad-
Our Speed Kills!
All out violence fills the air
Segmented limbs lie everywhere
Colliding bodies - a metal war
There's blood on the dance-floor -
give me more

(Repeat chorus)

(lead:Leon)

Intense thrashing - feel the pain
Hardcore metal burns your brain
Loss of energy, loss of words
As you witness our deadly rebirth:

(lead:Paul)
