The Boxer Rebellion, Watermelon

Inside I was restless
Left awake to the clocks
Outside wailing helpless
Ridden out by the locks

Inside, outside, inside your love
Inside, outside, inside your love

You said you want diamonds
Well I think you'll like pearls
And you said you want cigarettes
Well I think I want girls

Inside, outside, inside your love
Inside, outside, inside your love

Come on

Music is the life man
Music is the life man
It cries and cries and feels so nice
Music is the life man
Music is the life man
It cries and cries and feels so nice

I think I've found
I think I've found
I think I've found you out
I think I've found
I think I've found
I think I've found you out

Inside, outside, inside your love
Inside, outside, inside your love
Inside
