The Brian Setzer Orchestra, If You Can't Rock Me

If you can't rock me
I'll find somebody that can
If you can't rock me
Don't be tellin' me I'm your man
I'm gonna turn that skillet
Up to high
Don't you tell that chick's
Too young to fry
If you can't rock me
I'll find somebody who can
I'll find somebody who can

If you can't rock me
Don't be knockin'on my door
If you can't rock me
Don't you come around here no more
I'm gonna turn that juke joint
Upside down
Dance six inches
Off the ground
If you can't rock me
I'll find someone who can

Don't be whisperin' in my ear
Tellin' me things
That I wanna hear
Dontcha be tellin' I'm your guy
Then you go and leave me high and dry

If you can't rock me
I'm gonna rock this town myself
If you can't rock me
I'm gonna tear it up
With somebody else
I may have to search
All across the land
Find me a gig
With a rock n' roll band
If you can't rock me
I'll find somebody who can
