The Exploited, Never Changed

I always there for you
You're never fucking there for me
That's the way it seems to be
And the way it's always been
[Chorus]
I never changed
I never changed
I never changed
Never never never never never never changed
I was always there for you
Always first in the queue
I used to do anything
And everything just for you
[Chorus]
I never changed
I never changed
I never changed
Never never never never never never changed
I'm still fucking here for you
No matter what you say or do
Cos that's the way i've always been
And you know thats fucking true
[Chorus]
I never changed
I never changed
I never changed
Never never never never never never changed
