Do you want to (Try to pacify)

Into me

We are no one

Fall into me? (fall into me, fall into me)

Bring your secrets to me Just give me your hands and I'll let you feel the wounds They put in me If you believe in me, how can I be dissolving? If you'd believe me, I'd tell you everything Do you fall too? (Every time that I) Yes, I fall (Every time that I) Do you want to (Try to pacify) Fall into me? (fall into me, fall into me) Into me Silence, can you hear me? Press me to your lips and I'll suck the poison out. Who will heal me, me? If you keep killing me, how can I keep absolving? Your sins into me, begin the poisoning Do you fall too? (Every time that I) Yes, I fall (Every time that I) Do you want to (Try to pacify) Fall into me? (fall into me, fall into me) Into me Time, time, time We're not waiting Time, time, time We're no one I fall, I fall Do you fall too? (Every time that I) Yes, I fall (Every time that I)
