

A.F.I., A Winter's Tale

A chilling silence a world of violets
My breath materialized again immaculate inanimate
A comfort cutting time I see a string of white lights
Forever walking through December forever I
Forever longing for a sign of life, a bringer of light
Forever wandering together through
A world of violets
Ice everlasting
A full moon casting a purple veil enshrouding all
I perambulate, somnambulant
A solace piercing time I see a string of white lights
C'mon forever walking through December forever I
Forever longing for a sign of life, a bringer of light
Forever wandering together through
A world of violets
If only one for night, if only for one night
If only for one night remember
If only for one night, if only for one night
If only for one night remember
If only for one night
If only for one night
If only for one night
Together
C'mon forever walking through December forever I
Forever longing for a sign of life, a bringer of light
Forever wandering together through
A world of violets
Forever walking through December forever I
Forever longing for a sign of life, a bringer of light
Forever wandering together through
A world of violets
