Tiamat, Alteration X 10

it comes smoothly at start
stirs gently in the colour pot
centrifuge
restore amends
for every spiralchange
a snowflake bride
a heroine (---heroin, psilocybin, mescaline, psilocin, fucking oxytocin bitch)

a quark resolution of god
an angel in powder snow
symmetrical asymmetry a newborn star of logic a newborn star of magic
take a shortwave frequency ride
(any you like)
what you believe in, you'll find
close your eyes to see
this will take a while...

i wipe the steamy window lustre
today i'll attend a new planet earth
after you sir...
