

A.F.I., Cruise Control

I will never want to date you
while I can learn to hate you.
If you somehow learn to love me,
well, that's just my luck.
I would never ever care if you only wanted my friendship,
but somehow you're disappointed
that I'm not a slut.
I don't want to fuck you
I don't wanna fuck you
I don't want to fuck you
so fuck you!
In my mind there is no doubt
that you've been in and out of many
different backseats, many times before.
I can always see your defeat
when I won't leave the front seat.
Now it seems your disappointed that I'm not a whore
I don't want to fuck you
I don't wanna fuck you
I don't want to fuck you
so fuck you!
