

A.F.I., Girl's Not Gray

I'll lay me down tonight
Much further down
Swim in the calm tonight
This art does drown
What follows me as the whitest lace of light
Will swallow whole, just begs to be imbrued
What follows has led me to this place
Where I belong with all erased, what follows
All insects sing tonight
The coldest sound
I'd send God's grace tonight
Could it be found?
What follows me as the whitest lace of light
Will swallow whole, just begs to be imbrued
What follows has led me to this place
Where I belong with all erased
I lay me down tonight
Much further down
Watch stars go out tonight
On sinking ground
I'll lay me down, I'll lay me down
What follows me as the whitest lace of light
Will swallow whole, just begs to be imbrued
What follows has led me to this place
Where I belong with all erased
What follows will swallow whole
What follows will swallow whole
