Tonic, Flower Man

(Tonic)
Flower man
Flower man
When are you gonna grow?
When you gonna lay down
everything you know?
Flower man
Flower man
How you gonna sleep
with all these people
cutting down your feet?
Flower man
(flower man)
Flower man
(flower man)
Flower man
Flower man
Your head's above the rest
If you're gonna trust them
you gotta past the test
Flower man
Flower man
You're living in the sun
Shattered and hollow
you shine for everyone
Flower man
(flower man)
Flower man
(flower man)
They've given enough to hurt you
with all the things they say
So you put on your armor
And stand in the way
You're wearing the target
That took so long to earn
And your start looking sideways
At every turn
You start looking sideways
At every turn
Flower man
(flower man)
Flower man
(flower man)
Flower man
(flower man)
Flower man
