Toy Dolls, I've Got Asthma

I've got asthma and I can not breath
can't breath at all!
I've got an inhaler with me
I am choking and my face is blue
blue and it's getting worse!
I think I will have to lie down... coz
[Chorus:]
I've got ASTHMA yeah I've got ASTHMA
yeah I've got ASTHMA...
I've got asthma and I am wheezing
wheezing like mad!
I don't think I will sleep tonight
I think I'll reach for my inhaler
Good idea!
I hope it makes me feel better... coz
[Chorus]
My inhaler needs a refill
what shall I do?
the Chemist is not open yet
blue face, can't breath and I'm still wheezing
dear me! dear me!
I just do not know what to do... coz
[Chorus]
