Twilightning, Wounded And Withdrawn

Deep vibration - he shivers while they pray
Strange emotions - hiding thoughts they never dare to say
Snake is slithering away to stop his slow decay
Someone's desperate crying is another one's foreplay
He's dreaming eyes wide open

Reflecting strange illusion
Voodoo's going on and on
Must have been delusion

Reflecting strange illusion
Voodoo's going on and on
Must have been delusion

Wounded and withdrawn

Reflecting strange illusion
Voodoo's going on and on
Must have been delusion

Rope is tightening - controlling mind and throat
Image whitening - suffocating the last hope
The old man's lying, trying to hide his laugh, to keep his cool

Snake is slithering away, escaping from the fools
He's left their eyes wide open

Reflecting strange illusion
Voodoo's going on and on
Must have been delusion

Reflecting strange illusion
Voodoo's going on and on
Must have been delusion

Wounded and withdrawn

Reflecting strange illusion
Voodoo's going on and on
Must have been delusion
