Tyrese, Make Up Your Mind

(Intro)
God bless the day I found you
Can somebody tell me
Why you don't believe in me
Oh no

When I say 'A' you think I mean 'B'
I guess it wasn't meant to be, so I'm movin' on, yeah
You tell me you've changed, but you're still the same
I'mma tell you like my momma told me, game
(Game recognize game)
That's how I know you will never change

We've been at this for a nice long while
I think it's best we go our own ways, goodbye
(Fame doesn't mean a thing)
Cuz it's all about you

1 - Make up your mind
It's two feet in cuz you can't have one foot out
When you're tryin' to have somethin'
Make up your mind
Cuz I can't want this more than you want this, no
Make up your mind
It's two feet in cuz you can't have one foot out
When you're tryin'
Why don't you make up your mind

No, no, no, no

You've opened my eyes, I've realized
That you and I will never know love
Where did we go wrong, heh
You turned on me in times of need
I'mma tell you like my momma told me, games
(Game recognize game)
That's how I know you will never change

We've been at this for a nice long while
I guess it's best we go own ways, goodbye
(Fame doesn't mean a thing)
Cuz it's all about you

Repeat 1

We've been involved for oh so long (Oh so long)
And already got feelings that are oh so strong
If I get that urge to kick it to the curb
Oh, I'll be out of here and won't look back my dear
I'm sorry but I gotta go, oh

I always let you say what you wanna say
I only told you be who you wanna be
So why you wanna flip on me

Repeat 1 until fade
