Unknown, Tears

I'm gonna pack my bags
Take it with me everything
That I'll make sure I got it
All with me so that I won't have to come back anymore
See it's clear to me
Where you wanna be
And who you wanna be with
Don't act like you don't know
Cause I know what you've done
But I, I'm not even gonna cry
No I, I'm ready to say goodbye
No one can do better, and i bet you'll never, find a girl like me
You're not worth my tears
You're not worth my tears
Thought you had it all
But now you know
That I was everything you wanted
All those years you threw away in a second
What a fool
See it's clear to me
Where you wanna be
And who you wanna be with
Don't act like you don't know
Cause I know what you've done
Now you're on your knees
Telling me to come back
That you ache in tears(?)
Do you really think I believe that
I ain't stupid no
You cant play me for a fool
Don't act like you don't know
Cause I know what you've done
I, I'm not even gonna cry
No I, I'm ready to say goodbye
No one can do better, and i bet you'll never, find a girl like me
You're not worth my tears
You're not worth my tears
Can you handle it
When your baby is gone
You're all alone (yeah)
I can handle it
Just like that, i quit
On your love, on your promises, i quit
(ooh)
Is it too much
I let you take it in
But I, I'm not even gonna cry
No I, I'm ready to say goodbye
No one can do better, and i bet you'll never, find a girl like me
You're not worth my tears
You're not worth my tears
But I, I'm not even gonna cry
No I, I'm ready to say goodbye
No one can do better, boy i bet you'll never, find a girl like me
You're not worth my tears
You're not worth my tears
