Vienna Teng, Feather Moon

Feather moon
Scarlet sky
Living clouds
My blinded eye
Waters black
Wood in snow
Dead of night
How bright you glow

"Chorus (x4):"
Breathe in, breathe out
Exhale and inhale

Exhale and inhale

Seven sins
God of stone
All is true
Down to the bone
Feather moon
Scarlet sky
I love you endlessly
Not knowing why

"Chorus (x8)"

Exhale and inhale
Exhale and inhale
