Warlock, Cold, Cold World

Tonight
The starlight flows into my window
I'm watching the wheels turning round
Tomorrow sleeps
In the same old lonely places
Just an empty dream
Filled with yesterday's faces..
Can you tell me
Where are my memories?
I was a dream on fire
I was a dream on fire, burning for you
I wanna dream on forever with you, boy
But I feel so blue..
Catch my heart
Catch my heart
Don't you leave me here...so alone
Catch my heart yeah
Don't you leave me never, never alone
I can feel it
Falling down
Too long
Too strong
I'd trade all this madness
For your company
When fortune and fame meet
They ask their price
And you pay
Success is the name of the game..
But where are my memories?
I wanna dream on
I wanna dream on
I wanna dream on...with you
Don't you leave me here
Don't you leave me here so alone
Catch my heart
Catch my heart
Don't you leave me here
Don't you leave me here so alone
Catch my heart
Catch my heart
