Whatever It Takes, I Swear This Is The Last Time

I could watch you fall again-just like last time
worlds spinning on their end-like last time
I could watch you lose again-" "
I wont waste my time again-" "

and so ill bet it all,
everything I have
all on black
spin and wash away
all I had left

I could watch you drink it all-like the last time
I even take a few down with you-just like the last time
and laugh about it all-" "
I'm gonna watch you lose it all-" "

and so ill bet it all,
everything I have
all on black
spin and wash away
all I had left

its the last time
just like the last time
