Whigfield, Forever On My Mind

You're forever on my mind
When I'm away from you
Separation's so unkind
Isn't it true

Let me say I was a fool
I misunderstood
You're forever on my mind
I'm back for good

And there's something right before this time'cos I see you still want me
And there's just this moment in my life coming true
Everything's emotional this time, with you it's soexciting yeah
I'm gonna get it right, next to you

Let me say I was a fool
I misunderstood
You're forever on my mind
I'm back for good

And there's something magical this time 'cosI see you still want me

And you gotta make me feel alive, here with you
Everything's emotional this time, with you it's soexciting oh yeah
I'll take it through the night, next to you

And there's something right before this time'cos I see you still want me
And there's just this moment in my life coming true
Everything's emotional this time, with you it's soexciting yeah
I'm gonna get it right, next to you

On my mind, on my mind
You're forever on my mind
On my mind it's taking through the night

You're forever on my mind - on my mind, on my mind
Aah-aah you can make me feel alive (you're forever on my mind)
On my mind, on my mind
Take it away

You're forever on my mind - you're forever on my mind
You're forever on my mind - on my mind, on my mind....
