Wise Guys, Everything's Okay In The U.S.A.

If there's anybody here from out of town
Step up and say hello - say what do you know

If anybody's here from my hometown
Shake hands and let me know (I check we're glad you're back)

Where I come from the folks are neighborly
So lets promote some hospitality

Well, if there's anybody here from out of town
Step up and say hello -- come and say hello

Well I've been roaming, now I'm at home in
Anyplace you mention in the USA

Just a rover, stoppin' over
Making some new friends on my way

To Arizona, where I'm a gonna
Miss the winter weather by the border land

Back to Utah, on the hee haw
I'm riding thru the rockies and the canyon grand

They expect us back in Texas
Down in ???

So why spend Christmas on the isthmus
The sun we had in Florida was mighty fine

To New England in the spring and
then to take summer by the Golden Gate

Howdy brother, have another
each and every state in the USA

Well, we'd like to state that from state to state
Everything's OK in the USA
