Wynn Stewart, I'm Beginning To Believe

I'm beginning to believe you're in love
When looking in your eyes I see me
I'm beginning to believe I'm in love
In love with you is where I wanna be

I get such a happy feeling whenever I'm with you
You fill the emptiness inside of me that I once knew
I'm beginning to believe we're in love
When looking in your eyes I see me

I'm beginning to believe you're in love...
I get such a happy feeling...
