

# A-ha, Celice

Celice  
It's in the way you hurt me  
Celice  
I know that I'm alive

Open up inside  
Make me want you  
Make me want to

Wrap yourself around me  
Hold me tighter  
Hold me tight as you can

Celice  
It's in the way you hurt me  
Celice  
You sharpen all my sense  
I know you're on my side

Celice  
It's on the way you teach me  
Celice  
To chase the thoughts away  
You opened up my eyes  
Made me want you  
Made me want to

You know it feels so nice  
Hold me tight now  
Hold me tight as can be

Celice  
It's in the way you hurt me  
Celice  
I know that I'm alive  
Celice  
You sharpen all my sense  
I know you're in my side
