

A-ha, Real meaning

Dont change me
Im gonna break if you try
Dont change you
You know the tears
Im gonna cry
And I sure will
Miss us when were gone
Youre the real meaning of the sun
It shows you off to everyone
Youre the real meaning of the sun
It shows you off to everyone
The real meaning
I want the real meaning
Dont fix me
It breaks my heart
To see you try
Dont fix you
And leave me for
Some other guy
And I sure will
Miss us when were done
Youre the real meaning of the sun
It shows you off to everyone
Youre the real meaning of the sun
It shows you off to everyone
When Im thinking about you fondly
Then Im thinking about the only
Real meaning of the sun
Youre the real meaning of the sun
It shows you off to everyone
Youre the real meaning of the stars
They guide me to the places you are
The real meaning
I want the real meaning
