

# A-ha, Real meaning

Dont change me  
Im gonna break if you try  
Dont change you  
You know the tears  
Im gonna cry  
And I sure will  
Miss us when were gone  
Youre the real meaning of the sun  
It shows you off to everyone  
Youre the real meaning of the sun  
It shows you off to everyone  
The real meaning  
I want the real meaning  
Dont fix me  
It breaks my heart  
To see you try  
Dont fix you  
And leave me for  
Some other guy  
And I sure will  
Miss us when were done  
Youre the real meaning of the sun  
It shows you off to everyone  
Youre the real meaning of the sun  
It shows you off to everyone  
When Im thinking about you fondly  
Then Im thinking about the only  
Real meaning of the sun  
Youre the real meaning of the sun  
It shows you off to everyone  
Youre the real meaning of the stars  
They guide me to the places you are  
The real meaning  
I want the real meaning
