

# A-ha, Shapes that go togheter

When you were wrapped in tangles  
I was free  
And when you were undecided  
I believed  
It's alright, tonight  
On a deep blue mountain high  
The shapes that go together  
You and I  
When you were filled with longing  
I belonged  
When you were weak from trying  
I was strong  
But it's alright, tonight  
On a deep blue mountain high  
The shapes that go together  
You and I  
The shapes that go together  
You and I  
Childhood winters  
Come to me  
Whisper softly  
So tenderly  
I know, I walked 25 miles to hold you  
Just to find you'd moved away  
When you were wrapped in tangles  
I was free  
And when you were almost blinded  
I could see  
But it's alright, tonight  
On a deep blue mountain high  
The shapes that go together  
You and I  
The shapes that go together  
You and I  
You and I (The shapes that go together)
