

# A Life Less Ordinary Soundtrack, Don't Leave

A Life Less Ordinary Soundtrack  
Miscellaneous  
Don't Leave  
Song: Faithless

Packing our bags like people in the movies do  
All severe, and not saying a word  
And I'm sitting down here just watching you, and I'm thinking

Where has all the love gone  
where's the love gone to  
Don't Leave  
You got me hurting  
Don't Leave  
You know it's never been easy to love someone like me

Hanging with friends like we used to do  
I didn't know anything was wrong  
last night when I was thinking it through  
Trying to find who am I  
And what you lead me to do  
(Don't Leave)  
There's a record you used to play  
There's Joni singing  
The bed's too big without you  
And I know just what you say  
help me, I'm falling

Where did all the love go  
Where's the love gone to  
Don't Leave  
You got me hurting  
Don't Leave  
You know it's never been easy to love someone like me  
Don't leave

Where did all the love go  
Where's the love gone to

We'll fly around the world  
give you what you're giving me  
I should dress you up in pearls  
finest silk to touch your skin  
don't know how to write a love song

Don't Leave  
You got me hurting  
Don't Leave  
You know it's never been easy to love someone like me  
Don't leave
