

# A Long Winter, If Everything Ends, Please Don't L

It's something you always think about.  
Can he really be gone?  
Can I just be dreaming?  
What a nightmare.  
Why can't I wake up?  
Have you ever felt like a piece of you is gone forever?  
How can I continue to go on?  
When you cry, my eyes they collapse.  
I tell myself he's not really gone.  
But it's hard to hug a ghost.  
What a nightmare.  
Why can't I wake up?  
Don't leave me.  
Don't leave me.  
I'll never forget the times we shared.  
The love we'll always have.  
Please don't ever forget me.  
You know.  
You'll always be a piece of me.
