

A.M. feat. Tiff Lacey, Arise

I was feeling lost
Waiting to be found
You helped me start again
Made me feel safe and sound
Since I left you
Ive found a new direction
You gave me the hope
The hope of insurrection
You opened my eyes
No more crying
No more lying
No more lies
No more hiding
No disguising
No more lies
No more crying
No more lying
No more lies
You helped me to arise
No more hiding
No disguising
No more lies
You helped me to arise
Helped me to arise...
