

# A.P.E., Drugs And Beer

Pass me a beer or pass me a bong  
Cuz I've been sober for way too long  
Give me a line or give me a hit  
I gotta get it or I'll rage into a fit  
Drugs and beer  
Drugs and beer  
Drugs and beer  
Chemical dependence and daily relapse  
Shit is running through my veins I think I'm gonna collapse  
Fuck rehab I've been through that door before  
I gotta get out I know there's gotta be more  
Drugs and beer  
Drugs and beer  
Drugs and beer  
When your life is down you just buy another round  
When your life is shit you just take a hit  
And then ya take another hit  
Like ya ever gave a shit  
Drugs and beer  
Drugs and beer  
Drugs and beer
