

A.P.E., She Told Me

She told me it's time to grow the fuck up
She told me to stop acting like a child
I wish I could tell her shut the fuck up
But then I'd just be in denial
Cause she is right again
She is my only friend
Gotta pull myself outta this slump I'm in
Gotta pull myself together again
She told me to stand up for myself
She told me to let that world in
It all crumbles at the border
It's time to restore order
Cause she's right again
She is my only friend
Gotta pull myself outta this slump I'm in
Gotta pull myself together again
