

A*Teens, Halfway Round the World

A*Teens

Miscellaneous

Halfway Round the World

Baby I will soon be leaving

And I know that you are feeling down

But every week I'll send a letter

To let you know my love will never change

I promise you I'll always feel the same

So remember in your heart

Baby when we are apart

There is no need for cryin'

Cause even if I am

Halfway round the world

That won't stop me from loving you

Halfway round the world

I'll still be feeling the way I do now

I wanna hold you baby

Cause I'm gonna miss you like crazy

Even if I'm halfway round the world

Baby when the miles are growing

You and I will still be going strong

No matter what your friends are saying

Don't give up on what you're waiting for

Cause one day I'll be knocking on your door

So remember in your heart

Baby when we are apart

There is no need for crying

Cause even if I am

Halfway round the world

That won't stop me from loving you

Halfway round the world

I'll still be feeling the way I do now

I wanna hold you baby

Cause I'm gonna miss you like crazy

Even if I'm halfway round the world

If I could

You know that I would find a way to stay for good

But I must go now

I wanna hold you baby

Cause I'm gonna miss you like crazy

Even if I'm

Halfway round the world

That won't stop me from loving you

Halfway round the world

I'll still be feeling the way I do now

I wanna hold you baby

Cause I'm gonna miss you like crazy

Even if I'm halfway round the world

Repeat
