

A*Teens, Have A Little Faith In Me

Have a little faith (yeah yeah yeah yeah)
Put a little trust (yeah yeah yeah yeah)
Have a little faith (yeah yeah yeah yeah uhuh)
Put a little trust (yeah yeah yeah yeah)

Lonely days, lonely nights
Without you by my side
Memories and sad songs
Making me feel so blue (uhuh)

Now I Know yeah I realize
I see the world with different eyes
Give me one more chance
And I'll make it all up to you

CHORUS-
So have a little faith in me
But a little trust in me
Every little thing will be alright
Every little thing will be just fine
Have a little faith in me
And I will hold you in my arms tonight

Sitting here by the telephone
I Try to call but you're not home
I'm drifting away in echoes of yesterday

CHORUS

Have a little faith (yeah yeah yeah yeah)
Put a little trust (yeah yeah yeah yeah)
Have a little faith (yeah yeah yeah yeah uhuh)
Put a little trust (yeah yeah yeah yeah)

CHORUS (2x)

Have a little faith in me tonight
